## **GRADE POINT AVERAGE**

GPA is determined on a 4.0 scale beginning in the 9th grade with one additional grade point given each semester for honors and AP courses. The school transcript reflects two grade point averages: a total weighted GPA that includes all grades awarded and a weighted academic cumulative GPA that consists of all grades with the exception of physical development and athletics. A ranking system measured by weighted grades may not fairly represent a student's respective achievement given that not all students pursue the same academic program. Students are not assigned by rank. GPA does not include summer school classes that are used for advancement.
