

ARCHBISHOP MITTY HIGH SCHOOL IS A MEMBER OF THE WEST CATHOLIC ATHLETIC LEAGUE

The members of the West Catholic Athletic League believe that athletic participation is integral to our common Catholic/Christian mission. We consider athletics to be an extension of the classroom, another facet of our educational mission. The members of the WCAL pledge not to use undue influence in attracting student-athletes to our schools, including the following:

1. No one associated with Archbishop Mitty High School may approach a student or his/her parents, either directly or through a third party (teacher, coach, etc.), for the purpose of inducing that student to attend Archbishop Mitty in order to participate in athletics.
2. Prospective students or their parents or representatives should contact the Archbishop Mitty Admissions Office, not coaches or athletic administrators, to discuss application, admission, financial aid, etc. Archbishop Mitty coaches or athletic administrators who may be contacted in this way should direct the person to the Admissions Office.
3. Archbishop Mitty coaches or other Athletic Department personnel are not to discuss, promise, or infer admission or financial aid to prospective students or their parents or representatives.
4. Archbishop Mitty coaches or other school personnel or representatives are not to discuss team membership, playing time, etc., with prospective students or their parents or representatives.
5. Archbishop Mitty does not award athletic scholarships.
6. No middle-school-age individual or team may be invited or given discounted admission to Archbishop Mitty athletic contests. These may be extended only to entire classes or school student bodies.
7. Archbishop Mitty does not target specific individual students for invitation to sport camps. Sport camps are open to the general public.
8. Financial aid for sport camps is not based on athletic ability.
9. Any correspondence from Archbishop Mitty representatives to camp participants must be sent to all participants, and not targeted at specific individuals.
10. No middle school students may participate in open gyms or other athletic activities with Archbishop Mitty students during the regular school year.
11. Incoming freshmen are not eligible for summer league play and may not participate in open gyms during the summer. Incoming freshmen may not begin organized practice until the league-sanctioned starting date.
