**CIF-CENTRAL COAST SECTION  
UPDATE  
April 3, 2020**

**CCS Member Schools**

**As per my last communication on March 13<sup>th</sup>, the field of educationally based athletics and the school-house environment has changed dramatically. While we were looking optimistically to get back onto the field of play and allow players, coaches and fans to enjoy this great world of high school athletics, this will not be the case.**

**As many of the CCS schools have changed their instructional model to online distant learning and to date 72 of our schools have declared they will not be returning to the brick and mortar school houses for the remainder of the school year. The CCS leadership in conjunction with the other nine CIF sections and CIF State Office have decided to cancel the Spring Championship season. The CIF press release is attached.**

**Our hearts go out to all of the student-athletes and coaches who use this extra-curricular activity to complement their high school experiences, especially the seniors with unfulfilled dreams and aspirations.**

**We will be working remotely in preparation for the summer and fall activities, if you should have any questions please feel free to contact us. On behalf of the CCS staff we wish you the best, stay healthy and know that we will get through all of this.**

**Thank you**

**Duane Morgan  
CCS Commissioner**
